Door Specs

Beautifully sculpted with crisp clean lines.

Martin's one-of-a-kind copper garage door. This stylish and modern model is comprised of a pure Copper front and your choice of construction styles (i2 Copper + R8 Insulation + Steel or i3 Copper + R14 Insulation + Steel). Your choice of Martin's designer window options are also available to add to this model. Martin's beautiful copper door also includes a hardware kit with a white powder coated finish.

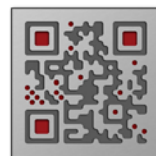

See manufacturer's written warranty for details and limitations.
